Email: ehazlett@usowisconsin.org

The mission of the USO of Wisconsin is enhancing the quality of life of military members, and their families who reside in or transit Wisconsin. Our vision is uplifting experiences for military members and families on their journey. The USO has the full support of congress to support the military in booth peace and wartimes. You can find us all over the globe alongside your troops since 1941.

Units that are Training and have notice of (Pre) Mobilization can facilitate their Yellow Ribbon and initiate contact with their nearest USO location by completing this form. The USO Wisconsin will then send this form to your nearest USO Director to assist you with your needs. Each USO offers different items and works with separate calendars. It is important to get information as soon as possible to insure a smooth event.

Please check the box if this information is to remain private. The USO director at your home facility is the only person we will pass this off to. This is NOT a public release of information to the general public, or to other agencies unless you check the active box.

UNIT LOCATION CITY: _____

Toiletry kits and snack packs are "Desert Tan' in color to match the uniform patterns across multiple service branches. The packs are constructed with a durable nylon material that has a M.O.L.L.E. system on the back of the pouch. M.O.L.L.E. system is incorporated so the service member can attach the pack to their issued military equipment that also has a M.O.L.L.E. system.
